# Ruben Kossen

Dedicated Software Developer with a background in developing custom applications. Skilled in system integration, application performance optimization, and database development.

## Work Experience

### shop clerk, intergamma/karwei (Part-Time), Schagen

February 2019 - October 2019

I have acquired proficiency in efficiently stocking shelves and providing exceptional customer assistance. With a keen eye for organization, I ensure shelves are well-stocked and visually appealing. Additionally, my customer service skills enable me to assist customers with inquiries, offer recommendations, and deliver exceptional experiences that exceed expectations.

### pizza delivery boy, Domino pizza (Part-Time), Schagen

January 2022 - Present

I have gained expertise in navigating the town and assisting customers with their orders. I provide accurate directions, resolve issues, and exceed expectations. These skills are valuable in retail, hospitality, and food services. With strong teamwork abilities, I am a valuable asset, ready to make a positive impact.

## Education

### Software Development, Media College Amsterdam (Third Year)

September 2021 - Present

## Hobbies

I have a deep passion for gaming, anime, and manga, immersing myself in captivating virtual worlds and compelling narratives. However, I also find great enjoyment in sports, where I consistently strive to give my best, embracing the thrill of competition and the camaraderie it fosters.
